

Katy took the **stress** out of Texas notices and **saved 3 hours per job.**

With business growing, Katy knew tracking notice deadlines in spreadsheets wouldn't cut it. Levelset automatically tracks notice deadlines & requirements on all her jobs, so what used to take Katy an entire day now takes 15 minutes.

Katy McGee | Accounting Manager
Central Texas Lath & Plaster

Stop being reactive and scrambling to get notices together when the 15th is around the corner. Take the stress out of Texas requirements and gain full control over your notices with **Monthly Notice Control** from Levelset.

Contractors & suppliers use Levelset on more than **2.9 million** construction jobs.

Get paid faster

Sending monthly notices puts you first in line to get paid.

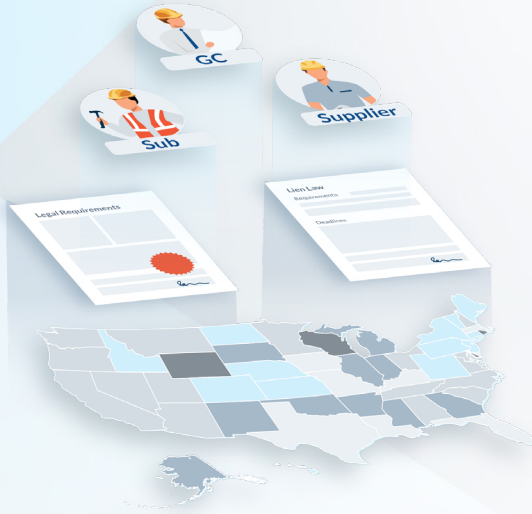

Prevent payment problems

Set expectations from the start to prevent surprises like liens.

Keep relationships healthy

Clear communication means happy customers.

Get notices right on every job

Levelset calculates your monthly notice requirements and deadlines based on your unique job information.

- Import job and invoice data from your accounting software
- Always know which notice to send, and never miss a deadline again
- Secure lien rights on every job with confidence

Never print paperwork

Use Levelset to create your notices so they're complete, compliant, and ready to go.

- Scout research fills in information gaps
- Levelset checks and sends your notices

Your notice is ready **Rush** **Send Notice**

Estimated to be mailed by April 10, 2019

Only send the notices you need

You decide which notices get sent, and Levelset takes care of sending them, whether you need to send 1 notice or 1,000.

- Give your customers as much time to pay as possible
- Cancel notices any time before 10am on deadline day in case you get paid at the last minute
- Set rules to automatically cancel notices when you receive payments
